Provider Notification: Payment Policy Updates

December 3, 2026

What Providers Need to Know

At AvMed, we are committed to providing clear, accessible guidance that supports accurate billing and coding practices for providers. The following updates describe recent revisions to select payment policies and explain where providers can find additional details.

Policy Updates

4620 After Hours and Weekend Care Payment Policy

The Plan is retiring Payment Policy #4620, After Hours and Weekend Care.

- This policy will be retired effective December 31, 2026. The codes addressed in this policy are already addressed in another AvMed payment policy. To reduce duplication and minimize confusion, the Plan is retiring this policy so that providers can rely on a single source of billing and reimbursement guidance for these codes.

Effective dates: December 31, 2026. Providers should refer to the Payment Policy portal for the applicable active payment policy.
