

## Sentara Community Plan Non-Part D and Over the Counter Medicaid Covered Drugs

There are specific drug classes that are excluded by law under the Medicare Part D program. Medicaid continues to cover these medications within the currently established guidelines of its pharmacy benefit program for Dual eligible members. This coverage also includes some over the counter (OTC) drug products. Coverage of these drugs is in accordance with existing Medicaid policy as described in Chapter 50 of the Virginia Administrative Code (12 VAC 30-50; “Amount, Duration, and Scope of Medical/Remedial Services”).
