## ***Section 1 – Introduction***

This directory provides a list of Sentara Medicare's network providers.

Network pharmacies are included in the second part of this directory. To get detailed information about your health care coverage, please see your plan's Evidence of Coverage.

You will have to choose one of our network providers listed in this directory to be your primary care provider (PCP). Generally, you must get your health care services from your PCP. You need to choose your PCP from the list of family medicine, internal medicine, and geriatric medicine physicians in this directory.

Your PCP will serve as the team leader for all your health care needs. A member of your PCP's team will work with you to complete an annual wellness visit. If needed, your PCP can develop a personalized care plan for you. This care plan may include routine health screenings and other preventive care services.

When needed, your PCP, or other members of your primary care team, will coordinate care with the right specialists and hospitals and work with them to keep you healthy and improve your quality of life. Your primary care team will be your advocate and help you see the plan specialist or get the service you need, when and where you need it. This team-based and coordinated approach makes sure you receive the best possible care.

Although you do not need a referral from your PCP to go to a plan specialist, they may recommend one to you. After you see the plan specialist, they normally send a report to your PCP, so your PCP knows about your medical care. If your PCP or plan specialist recommends that you have a procedure, test, or surgery that needs prior authorization from your plan, they will contact us for authorization.

The network providers listed in this directory have agreed to provide you with your healthcare services. You may go to any of our network providers listed in this directory. However, some services may require a referral. If you want to change your PCP or specialist, you can. Call Member Services at 1-800-927-6048 (TTY: 711) from October 1 to March 31, 7 days per week, 8 a.m. to 8 p.m., and from April 1 to September 30, Monday to Friday, 8 a.m. to 8 p.m. After business hours and on weekends and holidays our automated phone system will answer your call.

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis. If you obtain routine care from out-of-network providers, neither Medicare nor your plan will be responsible for the costs.

This directory includes our network hospitals where you can go for emergency care and post-stabilization care when you are in our service area. The service area can be found in the section "What is the service area for my plan?" If you receive emergency, urgent care, or dialysis services from a non-plan provider while out of the service area, ask the provider to submit the bill to us. If the non-network provider sends the bill to you, please send it to us. We will determine if you owe anything to the provider. Do not pay the bill until you receive a notice from us. If you already paid for the covered services, we will reimburse you for our share of the cost. We will pay the provider for our share of the bill and will let you know if you owe anything.
