Dear Nursing Colleagues,

As I pen my message for the 2023 Nursing Annual Reports, I am proud to recognize and celebrate the countless contributions Sentara's nurses make in the lives of the thousands of patients, members, and community residents we serve each year throughout our hospitals, home health/hospice services, health plans and ambulatory services across the system. There is a reason that nursing has remained the most trusted profession in the country for 22 consecutive years, per Gallup annual report which highlights the high honesty and ethical standards displayed by nurses across the country. Here at Sentara, we see and feel this impact every day, both within our walls and throughout the many communities we serve.

When I reflect upon the over 9,000 incredible nurses and total 30,000 colleagues who make up the Sentara team, the words that first come to mind include commitment, professionalism, and excellence. Sentara nurses work tirelessly to deliver the highest quality care to our patients and members at every level of our organization. At the same time, we know it takes a dynamic, diverse, and multidisciplinary team to support Sentara's mission to improve health every day. As nurses, we work in collaboration with countless other disciplines, and we could not do what we do without the expertise and support of our colleagues across the system.

As a nurse for more than 42 years, I often reflect on why I have chosen to continue my commitment to the

profession of nursing, year after year. For me, it is that passion – that fire within me that reminds me of the importance of what we are doing here. Every day, patients, members, and their families place their humanity into our hands. That is an honor and a privilege that many other professions never experience.

2023 saw us launch the One Sentara strategic plan as a road map for the future, along with Transformation Initiatives to accomplish that plan. Nursing has a key role in much of this work for the years ahead. System outcomes in 2023 showed overall improvement in many areas. Overall Hospital Acquired Infections (HAIs) decreased in 2023 and has over the past 7 years. Nursing retention for 2023 was in the top quartile of the nation with nursing turnover at 12.5%. Close to 2,000 RNs were hired in 2023, well over our 2022 volumes. Our nursing shared governance structure continues to be strong and allows for frontline staff to collaborate with leaders for shared decision-making. Our scholarly work, including published manuscripts, poster and podium presentations, and research projects continue to add to nursing's overall body of knowledge.

I wish you all well and look forward to seeing each of you live out our mission "to improve health every day." Making a difference takes courage, integrity, passion, ingenuity, and advocacy. These endeavors connect all Sentara nurses.

With deepest gratitude and respect,

Mary Morin, MSN, RN, NEA-BC
Enterprise Chief Nursing Officer /
Senior Vice President

Dear Nursing Team,

Here we are on the other side of the COVID Epidemic, and I truly believe that it has made us stronger and more determined. It has also reminded us of what we are capable of when we work together as a team. On our own we could not be this successful but together we have improved the health of our patients and community every day.

When I look back at the end of 2023, I was so impressed with how Sentara CarePlex nursing care team had made such huge improvements in Quality, Safety, Patient Experience, and Services provided. I was not sure that we could top our accomplishments from the previous year but once again we have outdone ourselves and we continued to make major improvements for 2023. We made improvements that were not just "a little better" or "better than average" but rather, we made improvements that were outstanding and well above some of the best healthcare systems in the country. We saw record improvements in Hospital Acquired Infections,

Pressure Injuries, Sepsis order set usage and Length of Stay. We continued to improve our percentage of patients discharged by 1PM and we had one of our best years for patient experience.

I want to say thank you to all of my colleagues at Sentara CarePlex Hospital. This year will end almost 40 years of service in Health Care and 10 Years as the Chief Nursing Officer at CarePlex. It has been an honor and privilege to serve with you and to make a difference every day for our patients, our community, and for our Team.

With gratitude,

Mark Beck, MSM, RN, NE-BC
Vice President, Chief Nursing Officer

Quality & patient sensitive measures

Our Sentara CarePlex Hospital Team continues to focus on keeping our patients and staff safe while providing excellent care. We strive for excellence with our patient satisfaction experiences while working as a Team to provide the best experience for our patients, their families, and friends

National Database of Nursing Quality Indicators–Nationally benchmarked nurse sensitive indicators

NDNQI measurements allow nursing units to benchmark their performance with nursing units of similar composition nationally. Trends are measured for eight quarters which is equivalent to two years, with the indicators measured being falls with injury, Hospital Acquired Pressure Injury (HAPI), device related HAPI, Central Line Associated Blood Stream Infection (CLABSI), Catheter Associated Urinary Tract Infection (CAUTI), and new events of Methicillin Resistant Staphylococcus Aureus (MRSA).

We are really proud of all the things we accomplished in 2023 and look forward to a wonderful 2024.

Professional development

Sentara System offers tuition reimbursement and/or tuition assistance to staff. Sentara CarePlex Hospital (SCH) is aligned with Guild Education that offers opportunities for staff to advance their education for free! SCH offers reimbursement in the form of vouchers and unique codes for those nurses applying for specified nursing certifications with AACN – CCRN & PCCN, ANCC, and AANN for stroke and neurological certifications. SCH continues to support all staff on their professional and educational path.

BSN goal

Goal is 80%

Nurses are known for being goal oriented and working hard to achieve those goals. Sentara CarePlex hospital has partnered with Guild Education and continues to support our staff to achieve those goals with financial programs that if qualified will pay in full for some advanced education. SCH continues to work towards our goals of increasing BSN rates with 1% increase per year.

Nursing certifications

SCH partners with the Sentara System and offers vouchers and reimbursement for qualified nursing certifications for our nursing staff! Our Mission at Sentara is to improve health everyday through encouraging nursing excellence. As a SCH Team we will continue to support and encourage our staff to grow professionally and grow within their specialities.

Congratulations Ashley Lee, BSN, RN, CEN, TNCC

Congratulations Ashley Lee, BSN, RN, CEN, TNCC as she won "40 Under 40 Award Winner" by the VNF (Virginia Nurses Foundation)!

CarePlex in the community

Congratulations S. Leanne Crawford

S. Leanne Crawford was honored by the Eta Chapter, Chi Eta Phi Sorority Inc's Glowing Lamp for the Nurse Awards.

Introducing the new Sentara Nursing Professional Practice Model

Professional Practice Models (PPMs) serve as graphical depictions demonstrating how professional nurses practice, function, interact, and develop professionally to provide high quality care. SCH's PPM is used to describe a common foundation of nursing practice, provide clear vision for nursing care, and helps visually set nursing culture.

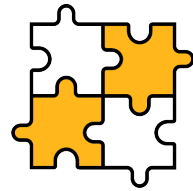

Mission: We Improve Health Every Day

Sentara goals

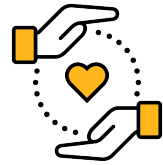

Mission

To make the communities we serve healthier places to live, work and play

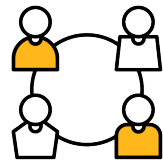

Market

To be the number one choice for healthcare services in our market

Medicine

To set the standard for medical excellence in our community

Members of the Team

To be the regional employer of choice

Nursing peer review (NPR)

Purpose

The purpose of NPR is to maintain standards of nursing practice in a non-punitive manner while encouraging peer support and evaluation in order to improve patient care.

This committee is led by Cody Brooks, BSN, RN and Chris Boxley, BSN, RN.

Key deliverables

- Improve patient outcomes
- Identify learning opportunities for nursing
- Promote nursing excellence
- Enhance nursing image and professionalism
- Support and encourage nurse autonomy and accountability
- Facilitate a sensitive and caring peer review interaction
- Improve Patient experience
- Improve nursing culture, engagement, and teamwork, and satisfaction

The DAISY award for extraordinary nurses

The DAISY Foundation was established in 1999 by the family of Patrick Barnes. He died at the age of 33 from complications of Idiopathic Thrombocytopenic Purpura (ITP). Like many families who nurses see every day going through this kind of horrific loss, the Barnes family wanted to find a way to turn their grief into something positive and do something that would honor the very special man Patrick was. They created DAISY – an acronym for Diseases Attacking the Immune System. The family was so impressed by the clinical care Pat’s nurses provided, and they were overwhelmed by the level compassion and kindness that his nurses brought to Pat’s bedside day in and day out. The DAISY award is bestowed upon nurses who go above and beyond for their patients and families. Nurses may be nominated by patients, families, and colleagues, and they are chosen by a committee of nurses at Sentara CarePlex Hospital to receive the DAISY Award.

The winners of the 2023 DAISY Award:

First Quarter:
MK Teal RN,
2 York River

Second Quarter
Kimberly Edwards McLean BSN, RN,
Pre/Post Surgical Services

Third Quarter
Shajuanna Hargrove BSN, RN,
Labor Delivery Recovery Postpartum (LDRP)

The “Honey” Bee Award

The BEE (Being Extraordinary Everyday) Award is a delightful recognition program. It was created as part of the DAISY Award initiative to honor and appreciate those who provide exceptional assistance to our licensed nursing staff. These unsung heroes enable our nurses to deliver extraordinary patient care and support every day. The name itself reflects the beautiful symbiosis between a DAISY and a BEE. Just as a DAISY can’t thrive without a BEE, and a BEE can’t survive without a DAISY, this award celebrates the collaborative spirit that makes healthcare truly remarkable.

Congratulations to the winners:

Second Quarter
Kay McConnell, OBG Technician
Labor Delivery Recovery Postpartum (LDRP)

Third Quarter
Rita Williams, Patient Care Technician
3 James River

Nurse Excellence Awards 2023

We had 16 nominees. Congratulations to everyone. Thank you to our dynamic Keynote Speaker, Shannon Martin.

Congratulations to the winners:

Novice Nurse
Latasha Bolden 5JR

Advance Beginner Nurse
Christina Perez ICU

Experienced Nurse
Claire Edmonds Cardiac Services

Preceptor Nurse
Katherine Puhlman 2YR

Experienced Support Nurse
Karen Coleman

Awards, recognitions & designations

Magnet Recognition®

Sentara CarePlex Hospital continues on our Magnet Journey. We will submit our Magnet document for redesignation in 2026, which represents the highest honor for nursing excellence as a hospital dedicated to providing excellent quality nursing care. We initially received Magnet in 2017, and in 2022 Sentara Careplex earned the esteemed Magnet redesignation from the ANCC. We are looking forward to 2026.

Sentara Cancer Network Participant

The hospital is part of the Sentara Cancer Network, which is the only accredited cancer network program in Virginia.

Blue Distinction®Center+ for Bariatric Surgery from Anthem Blue Cross Blue Shield

Blue Distinction®Center+ for Knee and Hip Replacement from Anthem Blue Cross Blue Shield

Blue Distinction®Center+ for Spine Surgery from Anthem Blue Cross Blue Shield

Grade 'A' in Hospital Safety Scores from the Leapfrog Group (since 2012)

Get With the Guidelines (GWTG®)

Stroke Program Awards:

- Gold Plus, Target: Stroke Honor Roll Elite
- Target: Type 2 Diabetes Honor Roll

Primary Stroke Center certification from DNV-GL Healthcare

Top 10th Percentile for NDNQ– Pressure Injury Improvements

American Heart Association Mission Lifeline®

STEMI Referring Center – 2021 Bronze Award

AORN Gold Level Go Clear Award™ (2022)

Sentara Healthcare won an award for **Most Engaging for the 2023 United Way Campaign**

Congratulations CarePlex Team for another **PLATINUM Award for 2023 in the NCDR Chest Pain-MI Registry** and a **Get with the Guidelines Mission Lifetime Award Silver STEMI** Receiving and Silver NSTEMI status! What a fantastic accomplishment! Thank you all for all the wonderful care that you provide to our patients and community.

Diversity day

Sentara CarePlex's Diversity Equity & Inclusion (DEI) Team celebrated National Diversity Day in April. The Team had the opportunity to wear a shirt dedicated to DEI celebration and recognition of all the achievements and activities that SCH has been a part of and honors. The DEI Team recognizes and supports the hospital staff in awareness and education so that we have a stronger understanding of Who is in the room, Who is trying to get in the room, and Has everyone's ideas been heard.

Goal & Purpose

To maintain/develop a workforce that is representative of the diversity of the communities we serve. To foster an inclusive, respectful culture for all team members which results in high levels of team member engagement, quality, and patient satisfaction. To provide safe and positive collaborative interactive projects within our community to promote Diversity, Equity, & Inclusion.

Nursing residency program

Sentara Healthcare Hospitals in collaboration with Vizient and the American Association of Colleges of Nursing (AACN) launched the Vizient/AACN Nurse Residency Program T™ (NRP) in the first quarter of 2016. The program is designed as a mandatory 1-year residency led by Tiffany Smith-Stokes, MSN, RN, NPD-BC, Site Coordinator for the program at Sentara CarePlex Hospital and Sentara Port Warwick.

The program is designed as a monthly 4-hour seminar session. It complements nursing orientation and specialty training, but with a different focus for all RN's with less than 1 year experience

Graduates from NRP September 2023 - Cohort #12

- Adrienne Crawford ADN, RN (4JR)
- Anastasiya Burkhardt BSN, RN (IMC)

Community outreach & volunteerism

Sentara CarePlex Hospital continues to be very active in our community, supporting local community events and volunteer programs. We are proud to provide care for our patients, community, and staff by supporting and practicing our Mission of Improving Health Every Day. Continuing to foster and build relationships within our community is a wonderful opportunity for Sentara CarePlex and our community members.

Sentara CarePlex Hospital (SCH) is proud of the commitment and presence that they hold within the community it serves. SCH has fostered and built many great professional relationships in our community and continues to share resources and participate in many community activities. Our community is our extended family, and we will continue to improve health every day.
