**NOTE:** The Health Plan considers the use of concomitant therapy with more than one biologic immunomodulator (e.g., Dupixent, Entyvio, Humira, Rinvoq, Stelara) prescribed for the same or different indications to be experimental and investigational. Safety and efficacy of these combinations has **NOT** been established and will **NOT** be permitted.

**ATTENTION:** All patients must complete an intravenous induction regimen with an infliximab product before starting Zymfentra. IV induction (loading dose) for treatment of Crohn's disease & ulcerative colitis. Provider please note: infliximab is the Health Plan's **PREFFERED** infliximab product, J1745. NDC: 57894-0160-01

**Quantity Limits:** 2 syringes/pens per 28 days

### **Adult Dosing:**

- Zymfentra is indicated as maintenance treatment only, starting at Week 10 and thereafter.
  - All patients must complete an intravenous induction regimen with an infliximab product before starting Zymfentra. For induction dosing information, see the corresponding full prescribing information for the chosen infliximab product

(continued on next page)

- Zymfentra is for subcutaneous use only
- Maintenance dosage starting at Week 10 and thereafter: 120 mg subcutaneously once every two weeks.
- To switch patients who are responding to maintenance therapy with an infliximab product administered intravenously, administer the first subcutaneous dose of Zymfentra in place of the next scheduled intravenous infusion and every two weeks thereafter

**CLINICAL CRITERIA:** Check below all that apply. All criteria must be met for approval. To support each line checked, all documentation, including lab results, diagnostics, and/or chart notes, must be provided or request may be denied.

**Maintenance Dose – 120 mg administered by subcutaneous injection starting at no sooner than Week 10, and then every 2 weeks thereafter**

**Authorization Criteria: To be reviewed for approval under the pharmacy benefit**

- Member is 18 years of age or older
- Member has **ONE** of the following diagnoses:
  - Moderate-to-severe **Crohn's disease**
  - Moderate-to-severe **ulcerative colitis**
- Member has tried and failed, has a contraindication, or intolerance to **BOTH** preferred biologics:
  - Humira®                      **AND**                       infliximab (NDC: 57894-0160-01)\*

\*Can be requested under medical or pharmacy benefit, please refer to appropriate prior authorization form

**Medication being provided by Specialty Pharmacy – Proprium Rx**

***\*\*Use of samples to initiate therapy does not meet step edit/ preauthorization criteria.\*\****

***\*Previous therapies will be verified through pharmacy paid claims or submitted chart notes.\****
