<sup>1</sup>DCFSAs are never taxed at a federal income tax level when used appropriately for eligible dependent care expenses. Also, most states recognize DCFSA funds as tax deductible with very few exceptions. Please consult a tax advisor regarding your state's specific rules. | <sup>2</sup>The example is for illustrative purposes only. Estimated savings are based on a maximum annual contribution and an assumed combined federal and state income tax bracket of 20%. Actual savings will depend on your contribution amount and taxable income and tax status. | <sup>3</sup>Contribution limit is accurate as of 08/01/2022. Each fall the IRS updates the DCFSA contribution limits. For the latest information, please visit: HealthEquity.com/Learn | HealthEquity does not provide legal, tax or financial advice.
