*FSAs and HSAs are never taxed at a federal income tax level when used appropriately for qualified medical expenses. Also, most states recognize FSA and HSA funds as tax deductible with very few exceptions. Please consult a tax advisor regarding your state's specific rules. | [†]Estimated potential tax savings are based on a \$7,500 family HSA contribution and 20% effective tax rate including applicable state and federal income taxes. Actual tax savings will vary based on your contribution amount and specific tax situation. | [‡]Estimated potential tax savings are based on a \$2,500 contribution and a 20% effective tax rate, including applicable state and federal income taxes.
