For all Commercial and Medicaid Products

Updated 5/1/2025

Only the following lab tests will be allowed to be performed in the physician's office. All other testing must be performed by a participating reference lab.

Regardless of whether the test is performed in-office¹ or collected and sent through a participating reference laboratory, the office may bill one draw fee per patient (CPT Code 36415 or 36416).

Charges from a physician for lab tests other than the ones listed below will be denied non-allowed lab charge; member not responsible.
