## Optima Vantage and Optima POS Products

---

*Optima Vantage, Optima Vantage Design,  
Optima Vantage Equity, Optima POS, Optima  
POS Design, and Optima POS Equity*

*For the most up-to-date listing, please visit our Find-a-Doc search tool at  
[optimahealth.com/find-doctors-drugs-and-facilities](https://optimahealth.com/find-doctors-drugs-and-facilities).*

[www.optimahealth.com](https://www.optimahealth.com)

## **Welcome to Optima Health!**

When you enroll in an Optima Vantage or POS plan, you will need to select a Primary Care Physician (PCP) from our network of affiliated PCPs. If you do not select a PCP, or the one you selected is no longer available, we will select one for you and notify you of that selection. You may change your designated PCP at any time. Please note, every family member on your plan may select a different PCP. If you have children, you may choose a participating pediatrician as their PCP.

Optima Health plans do not require a referral from a PCP to visit another doctor or specialist. However, your PCP can help coordinate your healthcare needs and serve as your first step to determine an illness or condition, offer methods of care, write prescriptions, and recommend specialists or facilities, if additional diagnoses and follow-up is needed. The selected specialist must participate in the Optima Health network in order to be covered under your in-network benefits.

This directory is current as of the date listed on the cover; however, it does not guarantee that the provider is still in the network or accepting new members at the time of your visit. It is the member's responsibility to know which providers are participating Plan providers. The most current information regarding provider participation is available at [optimahealth.com](https://optimahealth.com) or on the Optima Health mobile app. To access the most current listing of Direct Plan providers, sign in to your secure account or you may visit our [Find-a-Doc provider search](#). Be sure to select the Direct option from the drop-down menu.

To find out the professional qualifications of most Plan physicians, please call 757-552-7200 or 1-800-736-8272, or visit our website at [optimahealth.com](https://optimahealth.com). This information is available 24 hours a day, 7 days a week. If you have any questions about your health benefits, please call member services at the number listed on the back of your member ID card.

### **Optima Vantage Plans**

Optima Vantage is a Health Maintenance Organization (HMO) plan. This type of plan typically has a lower premium cost. Except for emergent situations, Optima Vantage members must receive covered services from in-network providers to have their services covered by Optima Health.

### **Optima POS Plans**

The Optima Point-of-Service (POS) plan typically costs a little more; however, it features in-network and out-of-network benefit options.

### **In-Network and Out-of-Network Care**

By using an in-network physician or medical facility listed in this directory, you pay lower out-of-pocket costs for the care you receive, and you do not have to fill out and submit claim forms. You simply pay any applicable charges at the time you receive care. Certain services require only a copayment, while the costs for other services are based on a coinsurance percentage. You should refer to your Plan documents for these specific amounts.

If you choose to receive care from a physician or a medical facility that is not a part of the Optima Health network, you may use out-of-network benefits, if you have them. These providers can charge whatever they want for their services. Typically, when Plan members who have out-of-network benefits receive covered services from out-of-network providers, Optima Health will pay a set percentage, or an allowable charge, of the amount paid to in-network providers for the same service. The member will pay the rest. If the out-of-network provider charges more than what Optima Health pays, the provider may bill you, the member, for the difference between the two amounts, as applicable under state and federal legislature. In addition, you must be willing to take responsibility for filing claims and make sure pre-authorization has been secured by your provider for certain medical services and procedures.

For more information on in-network and out-of-network care, review your Evidence of Coverage or call member services at the number listed on the back of your member ID card.

For plans that include spinal manipulation or chiropractic care benefits, a list of **Chiropractic Providers** is included in this directory.

### **Chiropractic Services**

Chiropractic services are administered by American Specialty Health (ASH). To find an ASH provider please sign in to your secure account, visit [optimahealth.com/vendor/healthsparg/external-networks](https://optimahealth.com/vendor/healthsparg/external-networks), or call member services at the number listed on the back of your member ID card.

### **Vision Services**

Vision services are administered by VSP. To find a VSP provider please sign in to your secure account, visit [vsp.com/choiceonly](https://vsp.com/choiceonly) or call member services at the number listed on the back of your member ID card.

### **Abbreviations**

The following abbreviations are used throughout this directory:

**CHKD** - Children's Hospital of the King's Daughters  
**CMG** - Children's Medical Group Service  
**EVMSHS** - Eastern Virginia Medical School Health Services  
**VCU** - Virginia Commonwealth University Health Services  
**PN** - Peninsula  
**SMG** - Sentara Medical Group  
**TMPG** - Tidewater Physicians Multispecialty Group  
**UVA** - University of Virginia Health System

### **Selection Criteria**

#### **Provider**

The Provider Networks for Optima Health plans, including those available on the Health Insurance Marketplace, consist of primary care, specialist, and behavioral health providers; and include physicians, physician assistants, nurse practitioners, and other qualified licensed clinicians.

Optima Health selects providers based on specific criteria and credentialing requirements to create a network that ensures members can access participating providers within a reasonable distance and time.

All providers must have completed a comprehensive credentialing application and be approved by the Optima Health Credentialing Committee before being accepted into the network. The credentialing process consists of the review, verification, and evaluation of a number of criteria; including (but not limited to) education, specialized training, board certification, state license(s), malpractice history, and sanction records. Providers with a felony conviction and/or sanction(s) by Federal government agencies are not accepted into the Optima Health Network. Providers are re-evaluated every three years.

The Optima Health credentialing process exceeds the requirements of the National Committee for Quality Assurance (NCQA) and the Commonwealth of Virginia quality measures for credentialing.

No member experience or cost-related measures are used in the provider selection process.

### **Hospital/Facility**

Hospitals for Optima Health plans, including those available on the Health Insurance Marketplace, are selected based on specific accreditation and accessibility criteria, to ensure members have access to **quality hospitals within a reasonable distance and time.**

Accreditation and licensure information is verified for all hospitals; an assessment is conducted to confirm the hospital is in good standing with state and federal regulatory bodies and that the hospital has been reviewed and approved by the appropriate national accrediting body.

To participate with Optima Health, hospitals must be accredited by the Joint Commission on Accreditation of Healthcare Organization (JCAHO), Healthcare Facilities Accreditation Program (HFAP), or DNV Healthcare Inc. Exceptions may be made for newly opening hospitals or hospitals in rural areas, which may be allowed to participate in the Optima Health network upon submission of documentation for patient safety plans and/or record of review from a state or federal regulatory body. Hospitals are re-evaluated **every three years.**

No member experience, patient safety, or cost-related measures are used in the hospital selection process.
