Notice:

Disability Insurance benefits may be reduced by the amount of other income you may receive or may be entitled to receive from other sources¹ during the same Disability, for example: Social Security benefits; government compulsory benefit programs; no-fault auto laws; sick pay or salary continuation; disability or retirement benefits paid for by your Employer; state, public, or federal employee disability or retirement plans; unemployment insurance; third-party recovery amounts; etc.

Refer to the Summary Plan Description provided by your Employer for a complete list of all potential other income offsets that may reduce your benefit, or contact your MetLife benefits administrator with any questions.

What is Short Term Disability insurance?

Short Term Disability (STD) insurance may help you replace a portion of your income during the initial weeks of a Disability.

Eligibility Requirements

Short Term Disability: All active full-time employees working at least 30 hours per week are eligible to participate.

How is “Disability” defined under your Plan?

Generally, you are considered disabled and eligible for short term benefits if, due to sickness, pregnancy or accidental injury, you are receiving appropriate care and treatment and are complying with the requirements of the treatment and, you are unable to earn more than 80% of your predisability earnings at your own occupation for any employer; and you are unable to perform each of the material duties of your own occupation.

For a complete description of this and other requirements that must be met, refer to the Summary Plan Description provided by your Employer or contact your MetLife benefits administrator with any questions.

What is the benefit amount?

Short Term Disability:

The Short Term Disability benefit may help replace a portion of your predisability earnings, less the income that was actually paid to you during the same Disability from other sources¹ (e.g., state disability benefits, no-fault auto laws, sick pay, vacation pay, etc.).

The Core Benefit amount is 60% of your predisability weekly earnings; subject to the plan's maximum weekly benefit of \$2,500

Special Considerations

If you work in a state with state-mandated disability or paid medical leave benefits (“State Benefits”)*, you should carefully consider whether to enroll for this coverage. If you are eligible for State Benefits, you must apply if required by state law. If permitted, your STD benefit will be reduced by State Benefits or other government benefits that apply. Depending on your compensation, the amount of the State Benefit, and other factors, you may only receive the minimum weekly benefit. You should consider, based on your individual circumstances, whether you need additional coverage beyond the State Benefit.

Questions & Answers

Q. Can I still receive benefits if I return to work part time?

A. Maybe. As long as you are disabled and meet the terms of your Disability plan, you may qualify for adjusted Disability benefits.

Your plan offers financial and Rehabilitation incentives designed to help you to return to work when appropriate, even on a part-time basis when you participate in an approved Rehabilitation Program.

While disabled, you may receive up to 100% of your predisability earnings following your return to work when combining your disability benefit, your work earnings and income from other sources.

With the Rehabilitation Incentive you can get a 10% increase in your weekly benefit.

If you work or participate in a rehabilitation program while disabled, following the 4th weekly benefit payment, the Family Care Incentive provides reimbursement up to \$100 per week for eligible expenses, such as child care.

You may be eligible for the Moving Expense Incentive if you incur expenses in order to move to a new residence recommended as part of the Rehabilitation Program. Expenses must be approved in advance.

Q. Are there any exclusions to my coverage?

A. Yes. Your plan does not cover any Disability which results from or is caused or contributed to by:

- Elective treatment or procedures, such as cosmetic surgery, reversal of sterilization, liposuction, visual correction surgery, in-vitro fertilization, embryo transfer procedure, artificial insemination or other specific procedures.
However, pregnancies and complications from any of these procedures will be treated as a sickness.
- War, whether declared or undeclared, or act of war, insurrection, rebellion
- Active participation in a riot;
- Intentionally self-inflicted injury or attempted suicide;
- Commission of or attempt to commit a felony.

Additionally, no payment will be made for a Disability caused or contributed to by any injury or sickness for which you are entitled to benefits under Workers' Compensation or a similar law.

Other limitations or exclusions to your coverage may apply. Please review your Summary Plan Description provided by your Employer for specific details or contact your benefits administrator with any questions.

The "Plan Overview" provides only a brief overview of the STD plan. A more complete description of the benefits provisions, conditions, limitations, and exclusions will be included in the Certificate of Insurance, Summary Plan Description and/or other plan documents. If any discrepancies exist between this information and the legal plan documents, the legal plan documents will govern.

Short Term Disability ("STD") coverage is provided under a group insurance policy issued to your employer by MetLife. This STD coverage terminates when your employment ceases, when you cease to be an eligible employee, when your STD contributions cease (if applicable) or upon termination of the group contract by your employer. Like most group disability insurance policies, MetLife policies contain certain exclusions, exceptions, waiting periods, reductions, limitations and terms for keeping them in force. Ask your MetLife group representative for complete costs and details

These policies provide disability income insurance only. For policies issued in New York, they do NOT provide basic hospital, basic medical, or major medical insurance as defined by the New York State Insurance Department. The expected benefit ratio for these policies is at least 50%. This ratio is the portion of future premiums that MetLife expects to return as benefits when averaged over all people with the applicable policy.

***Changes have been made to your Plan as of the Amendment Effective Date listed above. Please refer to your Certificate of Insurance/Certificate Rider for more details or contact your benefits administrator with any questions.**
