

# Envision a World With Better Hearing

Through Your Hearing Network, you can receive hearing aid discounts and value added savings. This hearing health care plan is accessible to you and your family members.

## Recognizing the Signs of Hearing Loss

The signs of hearing loss can be vague and develop slowly, or they can be obvious and begin suddenly. Regardless, struggling to hear certain sounds or syllables is a telltale symptom of hearing loss.

If you recognize any signs of hearing loss in yourself or a loved one, it's important to seek help.

## Start Your Hearing Health Journey Today

Your Hearing Network is a nationwide hearing healthcare network designed to connect patients with hearing loss with local hearing care professionals. Their highly skilled network of licensed hearing providers will assist you in all aspects of your hearing care to provide you with quality, service and value.
