Tips for AvMed Providers

Reminder: Infant Immunization Week

National Infant Immunization Week, observed April 20–27, is an opportunity to reinforce the critical role of timely vaccination in protecting infants from vaccine preventable diseases.

During this week, consider reviewing immunization schedules with parents and caregivers, addressing any questions, and emphasizing the vaccines recommended before a child's second birthday to ensure optimal early childhood protection.

The Importance of Following Up After Hospital Stays

Hospital stays can be stressful for behavioral health patients – so much so that follow-up visits with a Primary Care Physician (PCP) or specialist often falls to the wayside. Follow-up care is an integral part of recovery, and as an AvMed provider, you play a big part in that recovery. Have questions about preventing readmissions?

AvMed has Upgraded to Zelis Payments

AvMed has upgraded its systems to enhance the provider experience and deliver on our promise of healthcare that is simple, seamless, personal, and affordable. As part of this effort, we transitioned to Zelis Payments, a trusted leader in healthcare payments. If you're already enrolled with Zelis, no action is needed, you'll continue receiving payments just as you do today. Providers not enrolled must register with Zelis to receive electronic payments. We also encourage all providers to register with Availity to ensure the smoothest possible experience. Stay tuned as we provide more information on this exciting transition.
