

# Clinics

Onsite and near-site clinics for employers

Sentara Health, an integrated, not-for-profit healthcare system, operates over 300 care sites across Virginia and North Carolina. These sites encompass a wide range of services, including primary care, occupational medicine, specialty care, imaging, laboratory services, physical therapy, and more. Our Sentara Health Plans insurance division serves over 1.4 million members.

Our mission is to be the trusted partner for individuals and communities in their journey to improved health and well-being. Sentara has extensive experience operating onsite and near-site employer primary care clinics and occupational medicine services for area businesses and universities. Through a partnership with Sentara, we provide convenient access to high-quality medical services, reducing downtime and improving productivity.

## Our approach

Sentara's care model ensures that employees receive comprehensive and continuous care, enhancing their overall health outcomes because of our unique ability to coordinate care across the care continuum (hospital, specialty office, primary care, and employer care services). Our expertise in managing complex care and chronic diseases means that employees benefit from personalized, proactive healthcare, ultimately leading to a healthier, more engaged workforce and decreased healthcare related costs for the employer.

Our holistic approach to health and wellness implements innovative solutions to enhance employee and dependent engagement. Our focus on integrated data insights, proactive health initiatives, and 130+ year commitment to the community make Sentara the ideal partner.

## Clinic services

Sentara provides seamless access to comprehensive healthcare services through referrals to high-quality specialty, diagnostic, and hospital services. To support its clinic services, Sentara delivers an integrated electronic medical record, digital patient portal, analytics, and all personnel, supplies, and processes to effectively implement and manage the clinic.

Let's discuss how Sentara Employer Solutions helps organizations support their most important asset—their employees.
