

**SENTARA HEALTH EMPLOYER PLANS  
OPEN FORMULARY  
PRESCRIPTION DRUG FORMULARY**

**(For: Fully Insured and Business Edge Groups)**

**(April – June 2026)**

**PLEASE READ: This document contains information  
about some of the drugs we cover in this plan.**

This formulary was updated on 04/01/2026

## **INTRODUCTION**

This formulary was developed to serve as a guide for prescribers, pharmacists, health care professionals and members in the selection of cost-effective medication therapy. Sentara Health Plans recognizes that medication therapy is an integral part of effective health management. Due to the vast availability of medication options, a reasonable program for medication selection and use is warranted.

The drugs represented have been reviewed by Sentara Health Plans Pharmacy and Therapeutics (P&T) Committee and are approved for inclusion. This formulary is reflective of current medical practice as of the date of review.

The information contained in this formulary and its appendices is provided for the convenience of prescribers, pharmacists, health care professionals and members. We do not warrant or assure the accuracy of such information nor is it intended to be comprehensive in nature. This formulary is not intended to be a substitute for the knowledge, expertise, skill, and judgment of the medical provider in his or her choice of prescription drugs. All the information in this formulary is provided as a reference for drug therapy selection. Specific drug selection for an individual patient rests solely with the medical prescriber. The document is subject to state-specific regulations and rules, including, but not limited to, those regarding generic substitution, controlled substance schedules, preference for brands and mandatory generics whenever applicable.

We assume no responsibility for the actions or omissions of any medical provider based upon reliance, in whole or in part, on the information contained herein. The medical provider should consult the drug manufacturer's product literature or standard references for more detailed information.

This formulary is a fluid document, which is continually reviewed and modified. This dynamic process does not allow this document to be completely accurate at all times. To accommodate regular changes, an updated electronic version of this formulary is available online at <https://www.sentarahealthplans.com/en/members/manage-plans/prescription-drug-lists>. Sentara Health Plans welcomes your input and feedback on the information provided in this document.

## **PHARMACY AND THERAPEUTICS (P&T) COMMITTEE**

Sentara Health Plans Pharmacy and Therapeutics Committee ("P&T Committee") is utilized to approve safe and clinically effective drug therapies. Membership of the Committee reflects a multi-disciplinary approach to drug evaluation. The Committee is comprised of practicing physicians, pharmacists and or/nurse practitioners holding valid professional licenses and come from clinical specialties that adequately represent the clinical needs of

the covered population. The providers shall be representative of primary care clinical specialties such as Family Practice, Geriatrics, Internal Medicine, and Pediatrics. Voting members of the P&T Committee must disclose any financial relationship or conflicts of interest with any pharmaceutical manufacturer.

## **DEFINITIONS**

**Brand Medication** - A prescription medication that is usually manufactured and sold under a name or trademark by a pharmaceutical manufacturer, or a medication that is identified as a Brand medication by Sentara Health Plans Pharmacy Benefits Manager (PBM).

**Brand Additional Charge (Ancillary Fee)** - The additional charge that must be paid if you or your prescriber chooses a brand medication when a generic equivalent is available. The charge is the difference between the cost of the brand medication and the generic medication. This charge must be paid in addition to the applicable copayment.

**Formulary Drug List** - The listing of preferred medications based on clinical efficacy, relative safety, and cost in comparison to similar medications within a therapeutic class. This multi-tiered list establishes different levels of copay for medications within therapeutic classes. As new medications become available, they may be considered excluded until they have been reviewed by the P&T Committee.

**Generic Medication** - A prescription medication that has the same active ingredient as a brand medication or is identified as a generic medication by Sentara Health Plans Pharmacy Benefits Manager. Generic products approved by the United States Food and Drug Administration (FDA) are just as effective and safe as the brand-name products. Generic medications contain identical active ingredients, have the same indication for use, meet the same manufacturing standards, and are identical in strength and dosage form as brand-name medications.

**Participating (Network) Pharmacy** - A pharmacy (retail, mail service, or specialty pharmacy) that has entered into an agreement with Sentara Health Plans to provide prescription drugs to Sentara Health Plans members and has been designated by Sentara Health Plans as a participating pharmacy

**Prescription Medication** - A medication that has been approved by the FDA and that can only be dispensed pursuant to a prescription according to state and federal law.

**Prior Authorization** - The process of obtaining approval for certain prescription drugs (prior to dispensing) according to Sentara Health Plans guidelines. The ordering prescriber must obtain approval from Sentara Health Plans. The list of prescription drugs requiring prior authorization is subject to periodic review and modification by Sentara Health Plans.

**Specialty Medication** – A medication classified by Sentara Health Plans as a specialty drug. Specialty drugs have unique uses and are generally prescribed for people with complex or ongoing medical conditions. These medications must be prescribed by a medical provider and dispensed by a participating specialty pharmacy, depending on the medication. Specialty Medications are limited to a 30-day supply.

**Step Therapy** - The process of obtaining approval for certain prescription drugs that according to Sentara Health Plans guidelines require a trial of one or more first and/or second-line medications to be covered. If for medical reasons, the member cannot use the first and/or second-line medication, the prescriber should request a prior authorization as described in the *Prior Authorization Process* section below.

**Quantity Limit** - A maximum quantity per prescription and/or time period for one copay or coinsurance. Quantity limits are developed based upon FDA approved medication labeling and nationally recognized therapeutic clinical guidelines.

## **BENEFIT COVERAGE AND LIMITATIONS**

This formulary is for reference purposes only and does not guarantee nor define benefit coverage and limitations. Many members have specific benefits, which are not reflected in this formulary. You may contact Sentara Health Plans Member Services regarding any coverage questions by calling the number listed on the back of your card. Please note that the formulary process is dynamic and generally changes throughout the year. These changes typically occur due to, but are not limited to, the following reasons: approval of new medications, availability of newly approved generics, changes in clinical data, and medication safety concerns. Sentara Health Plans is not responsible for payment if a medication was omitted, included in error, or was placed at an incorrect tier on this formulary.

The following topics may or may not be applicable to individual members depending on member-specific benefit parameters.

### **Coverage**

Sentara Health Plans reserves the right to make changes in coverage criteria for covered products and services. Coverage criteria are medical and pharmaceutical protocols used to determine payment of products and services and are based on independent clinical practice guidelines and standards of care established by government agencies and medical/pharmaceutical societies.

Your retail prescription medication coverage includes up to a 90-day supply of a medication for the listed copay. In most cases, your prescription may be refilled after 75%

of your previous fill has been used. Select plans may provide the option to obtain a 90-day supply of a medication at a retail or mail pharmacy for a reduced amount. Please refer to your specific pharmacy benefits.

Your mail-service prescription medication coverage includes a 31 to 90-day supply of most medications for the listed copay per your prescription benefits. If the amount of medication is less than a 90-day supply, such as a 75-day supply, you will still be charged the listed mail-service copay per your prescription benefits.

Specialty Drugs are only available from a Plan Specialty Pharmacy and are limited to a 30-day supply unless limited by manufacturer packaging and then additional copayment amount may apply for amounts over 30 days.

### **Prior Authorization Process**

The process of obtaining approval for certain prescription drugs (prior to dispensing) according to Sentara Health Plans guidelines. The ordering prescriber must obtain approval from Sentara Health Plans. The prior authorization process requires the practitioner to provide information to support the clinical criteria that must be met for approval. The completed drug authorization request form and supporting clinical documentation must be submitted to Sentara Health Plans by fax to 1-800-750-9692. The pharmacy drug authorization request forms are available at [www.sentarahealthplans.com/en/providers/authorizations/prescription-drugs](http://www.sentarahealthplans.com/en/providers/authorizations/prescription-drugs). Providers have the option to submit an electronic prior authorization through Surescripts ePA at <https://providerportal.surescripts.net/ProviderPortal/login>.

Information needed to make coverage determinations of medications requiring prior authorization may include lab values, prescription history, a statement of medical necessity and any other pertinent information to satisfy the established coverage guideline for the requested medication. In most cases, coverage determinations will be made within 24 hours if authorization is deemed urgent and within 1-3 business days if authorization is identified as standard or routine.

### **Member Initiated Prior Authorization Process**

Members may request a prior authorization by directly contacting the Sentara Health Plans Member Services at the number on their membership card. The member should have the prescriber information (phone number) and any pertinent information related to the request to provide to the Member Services representative. Members may also initiate the prior authorization process by logging into <https://www.sentarahealthplans.com/en/members/manage-plans/formsand> then clicking the link "Prior Authorization Pharmacy Request Form".

### **Quantity Limit Exception**

Certain medications allow for a maximum quantity per prescription and/or time period for one copay or coinsurance. Medications with applicable quantity limits are noted on the formulary. If a prescription exceeds the quantity limit, the prescriber should provide a statement of medical necessity and request a prior authorization for the quantity limit exception as described above.

### **Non-formulary Medication Requests**

A request for a non-formulary medication requires documentation from the member's medical records and/or prescription claims history verifying the following: statement of medical necessity; contraindications to ALL other formulary alternatives; or therapeutic failure of adequate trials of one to three months of each and ALL other formulary alternatives. Non-formulary requests may be requested by the prescriber through the prior authorization process as described above.

### **Clinically Equivalent Drugs (CED)**

Clinically Equivalent Drugs (CED) are medications that are clinically comparable to a medication that is already covered on the formulary. For this reason, coverage for a CED medication requires the prescriber to submit clinical documentation to establish medical necessity of the CED medication over comparable formulary alternative(s). Medications labeled as CED on the formulary will also have a prior authorization requirement.

### **Tier Description**

Each copay tier is assigned an established co-payment, which is the amount you pay when you fill a prescription. Consult your benefit documents to determine your specific co-payments, coinsurance, and/or deductibles that are part of your plan. You and your medical provider decide which medication is most appropriate for you.

Tier	Definition
1	<b>Preferred Generic Drugs</b> - includes commonly prescribed Generic Drugs. Other drugs may be included in Tier 1 if the Plan recognizes they show documented long-term decreases in illness.
2	<b>Preferred Brand &amp; Other Generic Drugs</b> - includes brand-name drugs and some Generic Drugs with higher costs than Tier 1 Generic Drugs that are considered by the Plan to be standard therapy.
3	<b>Non-Preferred Brand Drugs</b> - includes brand-name drugs not included by the Plan on Tier 1 or Tier 2. These may include single source brand-name drugs that do not have a Generic Product Level equivalent or a therapeutic equivalent. Drugs on this tier may be higher in cost than equivalent drugs,

	or drugs determined to be no more effective than equivalent drugs on lower tiers.
4	<b>Specialty Drugs</b> - includes those drugs classified by the Plan as Specialty Drugs. Specialty Drugs have unique uses and are generally prescribed for people with complex or ongoing medical conditions.
9	<b>Zero Cost Share Preventative Drugs</b> - These are drugs covered under the Affordable Care Act (ACA) at no cost-share (\$0), to you.

\*Please note that **Brand** products are listed in CAPITALS and **Generic** products are listed in *lowercase italics*.

### **What's Not Covered: Common Exclusions**

Certain items may be excluded from your pharmacy benefit coverage. Prior authorization is generally not available for medications specifically excluded by benefit design. Commonly excluded products may include, but are not limited to:

- Over-the-counter (OTC) medications or their equivalents unless otherwise specified in the medication formulary listing.
- Experimental medication products or any medication product used in an experimental manner.
- Foreign medications or medications not approved by the United States Food and Drug Administration (FDA).
- Replacement prescription drug products resulting from a lost, stolen, expired, broken, or destroyed prescription order or refill, unless otherwise specified in the member's specific benefit plan.
- Fertility drugs, unless otherwise specified in the member's specific benefit plan.
- Medications or devices for the diagnosis or treatment of sexual dysfunction, unless otherwise specified in the member's specific benefit plan.
- Prescription and non-prescription vitamins and minerals.
- Nutritional supplements and Medical Foods.
- Cosmetic products, including, but not limited to, hair growth, skin bleaching, sun damage and anti-wrinkle medications.
- Prescription and non-prescription appetite suppressants and products for the purpose of weight loss, unless otherwise specified in the member's specific benefit plan.
- Compounded prescriptions, except pediatric preparations.
- Pharmaceuticals that would be covered under the medical benefit. These may include, but are not limited to, immunizations, allergy serums, medical supplies (including therapeutic devices, dressings, appliances, and support garments), medications administered by the attending physician to treat an acute phase of an illness, and chemotherapy for cancer patients. Such benefits are covered in accordance with the

Group Medical and Hospital Service Contract and may be subject to copay or coinsurance and prior authorization requirements, as outlined on the Schedule of Benefits.

### **Mandated Generic Substitution**

Sentara Health Plans advocates the use of cost-effective generic medications where FDA-labeled brand-equivalent medications are available. A generic medication is approved by the FDA once the manufacturer has proven that it has the same active ingredient(s) as the brand-name medication. Generally, generic medications cost less than brand-name medications. If a member or a prescriber requests a brand name product in lieu of an approved generic, the member, based upon his/her coverage, will typically be required to pay the Non-Preferred Brand Copay plus the Brand Additional Charge (ancillary fee).

### **Health Care Reform – Preventive Medications**

The Patient Protection and Affordable Care Act of 2010 allow members to receive some preventative, evidence-based items, and services at no cost to the member with certain stipulations. Examples of categories of medications that may be subject to limited, or \$0 cost share include aspirin, breast cancer preventative medications (e.g., anastrozole, tamoxifen), fluoride supplements, folic acid supplements, iron supplements, tobacco cessation products, routine immunizations, bowel preparations for colonoscopy, and some contraceptive medications and devices.

Some of the limitations for receiving these medications at no cost to the member require that: (1) the medication is covered as part of the prescription benefits, and (2) a prescription is required. As new guidance continues to be released for coverage of preventive medications, the list and/or restrictions will be updated accordingly.

### **HOW CAN I SAVE MONEY ON PRESCRIPTIONS?**

Ask your medical provider to consider choosing an appropriate medication from the formulary that is on the lower tier selections, such as Tier 1 or Tier 2. Medications within these tiers have the lowest out-of-pocket cost for you. If you are currently taking a Tier 3 or 4 medication, you should consult with your medical provider to see if there are other medication alternatives that are on a lower tier.

### **MAIL-SERVICE PRESCRIPTIONS**

Some members can order their prescriptions from a mail-service pharmacy. These members can receive up to a 90-day supply of certain medications through the mail for a specified co-payment as outlined in their group benefits plan. Receiving a 90-day supply of

medication by mail may prove to be more economical for you. The convenience of mail service may also help you stay compliant with your medications.

## **List of Abbreviations**

**1:** Preferred Generic Drugs

**2:** Preferred Brand & Other Generic Drugs

**3:** Non-Preferred Brand Drugs

**4:** Specialty Drugs

**9:** Affordable Care Act Drug (ACA) - \$0 Copay

**CED:** Clinically Equivalent Drugs (CED) may not be covered under the Plan if you could use a clinically equivalent formulary drug. “Clinically Equivalent Drug” means a drug that for most individuals will give you similar results for a disease or condition. For more information please contact Member Services at the number listed on the back of your member ID card.

**ACA:** Affordable Care Act.

**CGM:** Continuous Glucose Monitor

**LA:** Limited Availability. This prescription may be available only at certain pharmacies. For more information, please call Customer Service.

**OTC:** Over the Counter. An OTC drug is a non-prescription drug.

**PA:** Prior Authorization. The Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, we may not cover the drug.

**QL:** Quantity Limit. For certain drugs, the Plan limits the amount of the drug that we will cover.

**ST:** Step Therapy. In some cases, the Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

Drug Name	Drug Tier	Requirements / Limits
<b>ANTI - INFECTIVES</b>		
<b>ANTIFUNGAL AGENTS</b>		
ANCOBON	3	PA
<i>clotrimazole mucous membrane</i>	1	QL (5 per 1 day)

## **Notice Informing Individuals About Nondiscrimination and Accessibility Requirements Discrimination is Against the Law**

Sentara Health Plans complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Sentara Health Plans does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Sentara Health Plans:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
  - Qualified interpreters
  - Information written in other languages

If you need these services, contact:

Sentara Health Plans Member Services  
PO Box 66189, Virginia Beach, VA 23466  
757-552-7401 or toll free 1-877-552-7401  
TTY Relay 1-800-828-1140 or 711

If you believe that Sentara Health Plans has failed to provide these services or discriminated in another way based on race, color, national origin, age, disability, or sex, you can file a grievance with:

Sentara Health Plans  
1557 Coordinator/Compliance  
PO Box 66189, Virginia Beach, VA 23466  
757-552-7485

You can file a grievance in person or by mail. If you need help filing a grievance, please contact the 1557 Coordinator at the information listed above.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:

U.S. Department of Health and Human Services  
200 Independence Avenue, SW Room 509F, HHH Building Washington, D.C. 20201  
1-800-368-1019, 800-537-7697 (TDD).

Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.

If you are visually impaired and need large print or other assistance to view this document, please contact us at 1-855-687-6260.
