

**VCU Health System PPO Plan for individuals residing Out of Area (no reasonable access to the VCUHS domestic network)**

**CHOICE EXTEND  
VCU HEALTH SYSTEM  
Plan Effective Date: 1/1/2025  
Schedule of Benefits  
Administered by Sentara Health Administration, Inc.**

This document is not a contract or health plan policy from Sentara Health Plans. If there are any differences between this benefit summary and the Sentara Health Plans coverage documents issued when You are enrolled, the provisions of the coverage documents will prevail for all benefits, conditions, cost sharing, and limitations and exclusions.

This document is an overview of Your Covered Services and Your out of pocket cost sharing amounts including any Deductibles, Copayment and Coinsurance. There are three benefit columns. One column lists cost sharing amounts You will pay for VCUHS In-Network benefits from VCUHS Plan Providers and another for Sentara Health Plans PPO In-Network benefits from Sentara Health Plans PPO Plan Providers. The other column lists cost sharing amounts You will pay for Out-of-Network benefits from Non-Plan Providers. This Plan has tiered Copayment or Coinsurance amounts listed for In-Network benefits. For some services You will pay less out-of-pocket when You use Tier 1 Physicians, Hospitals or other Facilities or providers. You or Your means the Subscriber and each family member who is a Covered Person under the Plan.

Details about Covered Services are in the section "What is Covered." Details about services and treatments that are not Covered are in the section "What is Not Covered."

Some benefits require Pre-Authorization before You receive them. These services are marked with an \* in this document.

Some Covered Services may have visit limits. Once a visit limit is reached, no additional services are Covered under the benefit. If a service is shown as covered under Out-of-Network benefits visit limits are combined with In-Network and Out-of-Network benefits unless otherwise stated.

Services or treatment You receive Out-of-Network or from Non-Plan Providers will be covered under Your Plan's Out-of-Network benefits unless:

1. The Covered Service is an Emergency Service or an air ambulance service
2. During treatment at an In-Network Hospital or other In-Network Facility You receive Covered Services from a Non-Plan Provider; or
3. We have approved Your Covered Service in advance as an Authorized Out-of-Network Service.

For the services above, Members are only responsible for applicable In-Network Copayments, Coinsurance and Deductibles which will be applied to In-Network Maximum Out-of-Pocket Amounts. Members are protected from balance billing for these services.

If Your Plan has a Deductible that is the dollar amount that must be paid out of pocket by a Member for Covered Services each year before the Plan begins to pay for benefits. Your Plan may have separate Deductibles for In-Network and Out-of-Network benefits.

VCUHS PPO

Some benefits require Pre-Authorization before You receive them. These services are marked with \* in the chart.

Copayments and Coinsurances listed in this document are amounts You pay directly to a Provider for a Covered Service. Copayments are shown as flat dollar amounts. Coinsurance is shown as a percentage of the Plan's Allowable Charge for Your Covered Service. You will pay a Copayment or a Coinsurance, but not both, for a Covered Service. For some benefits You may see the statement, "Cost sharing determined by the type and place of service." For these services Your cost sharing will be based on where You receive a service, for example in a Physician office or inpatient setting, and/or the type of service. You may also have to pay for balance billing amounts that are more than the Plan's Allowable Charge for a Covered Service from Non-Plan Providers.

Your Plan's Maximum Out-of-Pocket Amount means the total dollar amount Members pay, or that are paid on their behalf, out-of-pocket for most Covered Services during a year. Deductibles, Copayments and Coinsurance for most Covered Services count toward the Maximum amount. Your Plan may have separate Maximum Amounts for In-Network and Out-of-Network benefits.

## **Prescription Drugs**

This document describes Your Plan's outpatient prescription drug Coverage for medical and mental health and substance use disorder treatment. All drugs must be United States Food and Drug Administration (FDA) approved, and You must have a prescription. You will need to pay Your Copayment or Coinsurance when You fill your prescription at the pharmacy. If Your Plan has a Deductible, You must meet that amount before Your Coverage begins. Some drugs require Pre-Authorization by Your Physician, and some quantities may be limited. Details about Covered Services are in the section "What is Covered". Details about services and treatments that are not Covered are in the section "What is Not Covered."

Prescriptions may be filled at a participating, In-Network Plan pharmacy or at a non-participating pharmacy or its intermediary if the non-participating pharmacy or its intermediary has agreed in writing to accept as payment in full reimbursement from the Plan or its Pharmacy Benefit Manager, including any Copayment or Coinsurance consistently imposed by the Plan or its Pharmacy Benefit Manager, at the same level as the Plan or its Pharmacy Benefit Manager gives to participating pharmacies.

Our formulary is a list of FDA-approved medications that we Cover. Prescription drugs are reviewed by the Plan's Pharmacy and Therapeutics Committee for placement onto the formulary. For a single Copayment or Coinsurance charge You may receive up to a consecutive 30-day supply of a Covered drug at a retail pharmacy. Some drugs (both specialty and non-specialty) may be available under the plan's mail order pharmacy. The dispensing pharmacy must be licensed to dispense and ship to your state.

This formulary is organized into the following tiers which will determine what You pay out-of-pocket to fill a prescription:

**Preferred Generic Drugs (Tier 1)** includes commonly prescribed Generic Drugs. Other drugs may be included in Tier 1 if the Plan recognizes they show documented long-term decreases in illness.

**Preferred Brand & Other Generic Drugs (Tier 2)** includes brand-name drugs and some Generic Drugs with higher costs than Tier 1 Generic Drugs that are considered by the Plan to be standard therapy.

**Non-Preferred Brand Drugs (Tier 3)** includes brand name drugs not included by the Plan on Tier 1 or Tier 2. These may include single source brand name drugs that do not have a Generic Product Level equivalent or a therapeutic equivalent. Drugs on this tier may be higher in cost than equivalent drugs, or drugs determined to be no more effective than equivalent drugs on lower tiers.

**Specialty Drugs (Tier 4)** includes those drugs classified by the Plan as Specialty Drugs. Specialty Drugs have unique uses and are generally prescribed for people with complex or ongoing medical conditions. Specialty Drugs include the following:

1. Medications that treat certain patient populations including those with rare diseases;
2. Medications that require close medical and pharmacy management and monitoring;
3. Medications that require special handling and/or storage;
4. Medications derived from biotechnology and/or blood derived drugs or small molecules;

Your Plan has refill limitations. You must use most of Your medication or about 75% of Your medication based on the day supply of Your prescription before You can get a refill. There are several ways to refill Your prescription. In most cases contact the retail, mail order, or specialty pharmacy where You originally filled Your prescription and request a refill. Sometimes Your doctor will prescribe a set number of refills for Your prescription. If You have run out of refills You will need a new prescription from Your doctor. In some cases, Your pharmacist may be able to call Your doctor to get more refills for You. If Your doctor increases the amount of Your dosage, you will be able to refill Your prescription at the newly prescribed dosage.
