Introduction

This document is called the *List of Covered Drugs* (also known as the *Drug List*). It tells you which prescription drugs and over-the-counter (OTC) drugs and non-drug products are covered by Sentara Medicare. The *Drug List* also tells you if there are any special rules or restrictions on any drugs covered by Sentara Medicare. Key terms and their definitions appear in the last chapter of the *Evidence of Coverage*.

B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more, or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “*Drug List*” for short.)

The drugs on the *List of Covered Drugs* that starts in section D are the drugs covered by Sentara Medicare. The drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- Sentara Medicare will cover all medically necessary drugs on the *Drug List* if:
 - your doctor or other prescriber says you need them to get better or stay healthy,
 - Sentara Medicare agrees that the drug is medically necessary for you, **and**
 - you fill the prescription at a Sentara Medicare network pharmacy.

If you have questions, please call Sentara Medicare at 1-866-650-1274 (TTY: 711), October 1 to March 31, 7 days per week, 8 a.m. to 8 p.m., and from April 1 to September 30, Monday through Friday, 8 a.m. to 8 p.m. The call is free. **For more information**, visit sentarahealthplans.com/plans/medicare/prescription-drugs.

- In some cases, you have to do something before you can get a drug. Refer to question B4 for more information.

You can also find an up-to-date list of drugs that we cover on our website at sentarahealthplans.com/plans/medicare/prescription-drugs or call Member Services at 1-866-650-1274 (TTY: 711).

B2. Does the *Drug List* ever change?

Yes, and Sentara Medicare must follow Medicare and Cardinal Care rules when making changes. We may add or remove drugs on the *Drug List* during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior authorization for a drug. (Prior authorization is permission from Sentara Medicare before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the *Drug List* now, **or**
- we learn that a drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the *Drug List* changes.

- You can always check Sentara Medicare's up-to-date *Drug List* online at sentarahealthplans.com/plans/medicare/prescription-drugs. Updates to the *Drug List* are posted on the website monthly.
- You can also call Member Services at the number in the footer of this document to check the current *Drug List*.

B3. What happens when there is a change to the *Drug List*?

Some changes to the *Drug List* will happen **immediately**. For example:

- **Substitutions of certain new versions of drugs.** We may immediately remove the drugs from the *Drug List* if we replace them with certain new versions of that drug, but your cost for the new drug may appear on the same or lower cost-sharing tier with the same or fewer restrictions. When we add a new version of a drug, we may also decide to keep the brand name drug or original biological product on the list but change its coverage rules or limits.

If you have questions, please call Sentara Medicare at 1-866-650-1274 (TTY: 711), October 1 to March 31, 7 days per week, 8 a.m. to 8 p.m., and from April 1 to September 30, Monday through Friday, 8 a.m. to 8 p.m. The call is free. **For more information**, visit sentarahealthplans.com/plans/medicare/prescription-drugs.

- We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
- We can make these changes only if the drug we are adding:
 - is a new generic version of a brand name drug, or
 - is a certain new biosimilar version of original biological products on the *Drug List* (for example, adding an interchangeable biosimilar that can be substituted for an original biological product without a new prescription).
- Some of these drug types may be new to you. For more information, refer to Section B14. You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to questions B10-B12 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or effective or the drug's manufacturer takes a drug off the market, we may immediately take it off the *Drug List*. If you are taking the drug, we will send you a notice after we make the change.

If your drug is taken off the market, you should contact your prescriber for possible drug alternatives available on our Sentara Medicare drug list.

- You can find an up-to-date list of drugs that we cover on our website at sentarahealthplans.com/plans/medicare/prescription-drugs, or
- call Member Services at the numbers listed in the footer of this document.

We may make other changes that affect the drugs you take. We will tell you in advance about these other changes to the *Drug List*. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We remove a brand name drug from the *Drug List* when adding a generic drug that is not new to the market, or
- we remove an original biological product when adding a biosimilar, or
- we change the coverage rules or limits for the brand name drug.
- When these changes happen, we will:
 - Tell you at least 30 days before we make the change to the *Drug List* **or**
 - Let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- if there is a similar drug on the *Drug List* you can take instead **or**

If you have questions, please call Sentara Medicare at 1-866-650-1274 (TTY: 711), October 1 to March 31, 7 days per week, 8 a.m. to 8 p.m., and from April 1 to September 30, Monday through Friday, 8 a.m. to 8 p.m. The call is free. **For more information**, visit sentarahealthplans.com/plans/medicare/prescription-drugs.

- whether to ask for an exception from these changes. To learn more about exceptions, refer to questions B10-B12.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization:** For some drugs, you or your doctor or other prescriber must get authorization from Sentara Medicare before you fill your prescription. Prior authorization is different from a referral. Sentara Medicare may not cover the drug if you don't get prior authorization.
- **Quantity limits:** Sometimes Sentara Medicare limits the amount of a drug you can get.
- **Step therapy:** Sometimes Sentara Medicare requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. Under Virginia law, your doctor or other prescriber must document either verbally or in writing why they feel the first drug is not effective for you and ask for the other drug to be covered.
- **Indication-based coverage:** If Sentara Medicare covers a drug only for some medical conditions, we clearly identify it on the *Drug List* along with the specific medical conditions that are covered

You can find out if your drug has any additional requirements or limits by looking in the tables in section **D**. You can also get more information by visiting our website at sentarahealthplans.com/plans/medicare/prescription-drugs. We have posted documents online that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the *Drug List* you can take instead or whether to ask for an exception. Refer to questions B10-B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table in the List of Drugs by drug type has a column labeled “Necessary actions, restrictions, or limits on use.”

B6. What happens if Sentara Medicare changes their rules about how they cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions)?

In some cases, we will tell you in advance if we add or change prior authorization, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the *Drug List* change.

If you have questions, please call Sentara Medicare at 1-866-650-1274 (TTY: 711), October 1 to March 31, 7 days per week, 8 a.m. to 8 p.m., and from April 1 to September 30, Monday through Friday, 8 a.m. to 8 p.m. The call is free. **For more information**, visit sentarahealthplans.com/plans/medicare/prescription-drugs.

B7. How can I find a drug on the *Drug List*?

There are two ways to find a drug:

- you can search alphabetically, **or**
- you can search by medical condition.

To search **alphabetically**, look for your drug in the Index of Covered Drugs section. You can find the Index of Covered Drugs in section D. The Index of Covered Drugs is an alphabetical list of all of the drugs included in the *Drug List*. Brand name drugs and generic drugs as well as over-the-counter (OTC) drugs are listed in the index.

To search by medical condition, find section C1 labeled “List of Drugs by Medical Condition.” The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in **CARDIOVASCULAR AGENTS**. That is where you will find drugs that treat heart conditions.

B8. What if the drug I want to take is not on the *Drug List*?

If you don't find your drug on the *Drug List*, call Member Services at the numbers listed in the footer of this document and ask about it. If you learn that Sentara Medicare will not cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the *Drug List* that is like the one you want to take. **Or**
- You can ask Sentara Medicare to make an exception to cover your drug. Refer to questions B10-B12 for more information about exceptions.

B9. What if I am a new Sentara Medicare member and can't find my drug on the *Drug List* or have a problem getting my drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you are a member of Sentara Medicare. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the *Drug List* you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication.

We will cover a 30-day supply of your drug if:

- you are taking a drug that is not on our *Drug List*, **or**
- our plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires prior authorization by Sentara Medicare, **or**
- you are taking a drug that is part of a step therapy restriction.

If you are taking a drug that Sentara Medicare does not consider to be a Part D drug, you have the right to get a one-time, 72-hour emergency supply of the drug.

If you have questions, please call Sentara Medicare at 1-866-650-1274 (TTY: 711), October 1 to March 31, 7 days per week, 8 a.m. to 8 p.m., and from April 1 to September 30, Monday through Friday, 8 a.m. to 8 p.m. The call is free. **For more information**, visit sentarahealthplans.com/plans/medicare/prescription-drugs.

If you are in a nursing home or other long-term care facility and need a drug that is not on the *Drug List* or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new Sentara Medicare member.
- This is in addition to the temporary supply during the first 90 days you are a member of Sentara Medicare.

If you are a current member and experience a change in your level of care that requires you to transition from one facility to another, we may cover a one-time temporary fill of the prescription you have now. You can get the temporary one-time fill exception regardless of whether or not you are in your first 90 days of program enrollment. Have your doctor or pharmacist contact Sentara Medicare Member Services at 1-866-650-1274 (TTY users call 711) for more details. Calls to this number are free. You can call this number 24 hours per day, 7 days per week.

B10. Can I ask for an exception to cover my drug?

Yes. You can ask Sentara Medicare to make an exception to cover a drug that is not on the *Drug List*.

You can also ask us to change the rules on your drug.

- For example, Sentara Medicare may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior authorization requirements.

B11. How can I ask for an exception?

To ask for an exception, call Member Services. A Member Services representative will work with you and your provider to help you ask for an exception. You can also read **Chapter 9** section 7.4 of the *Evidence of Coverage* to learn more about exceptions.

B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours.

You and your provider can ask the plan to make an exception and cover the drug in the way you would like it covered. If your provider says that you have medical reasons that justify asking us for an exception, your provider can help you request an exception. For example, you can ask the plan to cover a drug even though it is not on the plan's "Drug List." Or you can ask the plan to make an exception and cover the drug without restrictions.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

If you have questions, please call Sentara Medicare at 1-866-650-1274 (TTY: 711), October 1 to March 31, 7 days per week, 8 a.m. to 8 p.m., and from April 1 to September 30, Monday through Friday, 8 a.m. to 8 p.m. The call is free. **For more information**, visit sentarahealthplans.com/plans/medicare/prescription-drugs.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and generally work just as well. They usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). There are generic drugs available for many brand name drugs. Generic drugs usually can be substituted for brand name drugs at the pharmacy without a new prescription—depending on state laws.

Sentara Medicare covers both brand name drugs and generic drugs.

B14. What are original biological products and how are they related to biosimilars?

When we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have forms that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For more information on drug types, refer to **Chapter 5** of the *Evidence of Coverage*.

B15. What are OTC drugs?

OTC stands for “over-the-counter.” Sentara Medicare covers some OTC drugs when they are written as prescriptions by your provider.

You can read the Sentara Medicare *Drug List* to find out what OTC drugs are covered.

B16. Does Sentara Medicare cover non-drug OTC products?

Sentara Medicare covers some non-drug OTC products when they are written as prescriptions by your provider. Contact your Care Coordinator, your provider, or Member Services for more information.

You can read the Sentara Medicare *Drug List* to find out what non-drug OTC products are covered. You can also find information on covered non-drug OTC products by referring to **Chapter 4** of the *Evidence of Coverage*.

B17. Does Sentara Medicare cover long-term supplies of prescriptions?

Sentara Medicare offers two ways to get a long-term supply (also called an extended supply) of maintenance drugs on our plan's “Drug List.” (Maintenance drugs are drugs that you take on a regular basis, for a chronic or long-term medical condition.)

- **Mail-Order Programs.** We offer a mail-order program that allows you to get up to a 90-day supply of your prescription drugs sent directly to your home. A 90-day supply has the same copay as a one-month supply.
- Some retail pharmacies may also offer up to a 90-day supply of covered prescription drugs. A 90-day supply has the same copay as a one-month supply.

If you have questions, please call Sentara Medicare at 1-866-650-1274 (TTY: 711), October 1 to March 31, 7 days per week, 8 a.m. to 8 p.m., and from April 1 to September 30, Monday through Friday, 8 a.m. to 8 p.m. The call is free. **For more information**, visit sentarahealthplans.com/plans/medicare/prescription-drugs.

B18. Can I get prescriptions delivered to my home from my local pharmacy?

Your local pharmacy may be able to deliver your prescription to your home. You can call your pharmacy to find out if they offer home delivery.

B19. What is my copayment?

Sentara Medicare members have a copayment for prescription and OTC drugs and non-drug products as long as the member follows the plan's rules. Refer to questions B15 and B16 for more information about OTC drugs and non-drug products.

Tiers are groups of drugs on our *Drug List*.

Every drug on the plan's "Drug List" is in one of two (2) cost-sharing tiers. In general, the higher the cost-sharing tier, the higher your cost for the drug:

- Cost-Sharing Tier 1 (lowest cost) are generic drugs.
- Cost-Sharing Tier 2 (highest cost) are brand name drugs.
- OTCs have a \$0 copayment

To find out which cost-sharing tier your drug is in, look it up in the plan's "Drug List."

If you have questions, call Member Services at the numbers listed in the footer of this document.

C. Overview of the *List of Covered Drugs*

The *List of Covered Drugs* gives you information about the drugs covered by Sentara Medicare. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins in section D. The index alphabetically lists all drugs covered by Sentara Medicare.

C1. List of Drugs by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, **CARDIOVASCULAR AGENTS**. That is where you will find drugs that treat heart conditions.

The information in the Requirements/Limits column tells you if Sentara Medicare has any special requirements for coverage of your drug. Below is a list of abbreviations that may appear on the following pages in the Requirements/Limits column that tells you if there are any special requirements for coverage for your drug.

List of Abbreviations

B/D PA: This prescription drug may be covered under Medicare Part B or D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.

EX: Excluded Drug. This prescription drug is not normally covered in a Medicare prescription drug plan. The amount you pay when you fill a prescription for this drug does not count toward your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving extra help to pay for your prescriptions, you will not get any extra help to pay for this drug.

If you have questions, please call Sentara Medicare at 1-866-650-1274 (TTY: 711), October 1 to March 31, 7 days per week, 8 a.m. to 8 p.m., and from April 1 to September 30, Monday through Friday, 8 a.m. to 8 p.m. The call is free. **For more information**, visit sentarahealthplans.com/plans/medicare/prescription-drugs.

LA: Limited Availability. This prescription may be available only at certain pharmacies. For more information, please call Member Service.

MO: Mail-Order Drug. This prescription drug is available through our mail-order service, as well as through our retail network pharmacies. Consider using mail order for your long-term (maintenance) medications (such as high blood pressure medications). Retail network pharmacies may be more appropriate for short-term prescriptions (such as antibiotics).

NEDS: Non-Extended Day Supply Medication. This drug is only available as a 30-day supply or less.

PA: Prior Authorization. The Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, we may not cover the drug.

QL: Quantity Limit. For certain drugs, the Plan limits the amount of the drug that we will cover.

ST: Step Therapy. In some cases, the Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

V: Vaccines

Sentara Community Complete Formulary

The formulary that begins on the next page provides coverage information about the drugs covered by Sentara Medicare. If you have trouble finding your drug in the list, turn to the Index that begins on page 107.

The first column of the table lists the name of the drug. Generic drugs are listed in lower-case italics (for example, *atorvastatin calcium oral tablet*), brand-name drugs are capitalized (for example., EMGALITY SUBCUTANEOUS SOLUTION PREFILLED SYRINGE).

The information in the "Requirements/Limits" column tells you if Sentara Medicare has any special rules for covering your drug.

If you have questions, please call Sentara Medicare at 1-866-650-1274 (TTY: 711), October 1 to March 31, 7 days per week, 8 a.m. to 8 p.m., and from April 1 to September 30, Monday through Friday, 8 a.m. to 8 p.m. The call is free. **For more information**, visit sentarahealthplans.com/plans/medicare/prescription-drugs.
